

# Penguin Catalogue 2010

**Books for Children & Young Adults**

# Welcome to the Penguin Catalogue 2010

Once again, we are pleased to be able to showcase our new and forthcoming titles for the year and to bring you information on resources that will make life easier when it comes to selecting books, using books in the classroom and expanding your knowledge of new books for children and young adults!

In this year's catalogue you will find information on all of our new titles and where to find our backlist titles (those books that were published more than a year ago). There are lists of books specifically suited to boys and to girls, lists of websites that will give you more information about our authors and their books, a list of planned events for the year and an opportunity to arrange a visit from our Senior Education Consultant.

You'll also find a 'Best in Show' page in each section that showcases the standout books for 2009.

Please feel free to contact us with any queries you may have regarding books for children and young adults – relevant contact details are below:
